

TESTIMONIALS

“I am very pleased that my arthritic knees are **not as painful** and my overall ability to carry out everyday activities has really improved.”

“It has really **changed my life** in the way that I manage my knee pain, and the **confidence** it has given me.”

“I have **benefited 100%** from the class. My knee is much improved and I have a training programme to help me with the **rest of my life.**”

“I started barely able to walk with two sticks and in constant pain. It has taken time, nearly two months, but today I am **walking without help** and generally **pain free.**”

WHAT is ESCAPE-pain?

MYTHBUSTERS

CLASS DETAILS

Sometimes called the 'knee or hip class', ESCAPE-pain is a rehabilitation programme designed to reduce pain and disability for people who:

- Are over 45 years of age
- Have knee and/or hip pain for at least 3 months

WHAT WILL I GET FROM A CLASS?

- **Information, advice and support** from a Physiotherapist or exercise professional to help better manage chronic joint pain and lead a more active life
- A group **exercise programme** tailored to individual needs
- A chance to **socialise** with and learn from other people living with arthritis

FALSE: I might hurt myself.

TRUE: Gentle physical activity has been proven to be safe, improve pain, mobility and wellbeing without making arthritis symptoms worse.

FALSE: I'm too old, it's too late for exercise to have any effect.

TRUE: Physical activity benefits anyone at any age. It's never too late to become more active.

FALSE: I will eventually need a joint replacement or surgery.

TRUE: Not everyone with arthritis will need a joint replacement. There are many non-surgical treatments, such as exercise, that can help reduce pain and maximise your ability to do what you want.

Monday 15.00 – 16.00

&

Wednesday 15.00 - 16.00

(twice a week for 6 weeks)

HOW DO I SIGN UP?

Discuss a referral to escape pain with your physiotherapist.
